Frontend Developer

I am a frontend developer with over 2 years of experience building websites and web applications using React.js, JavaScript, and TypeScript. I love creating fast, easy-to-use, and beautiful websites that work well on all devices, from mobile phones to desktops.

I enjoy solving problems, writing clean and organized code, and making sure that websites load quickly and run smoothly. I pay attention to details, making sure that every website I build is responsive, user-friendly, and visually appealing. My goal is to create websites that look great, work perfectly, and give users a great experience.

Skills

- **Languages & Frameworks:** React.js, Next.js, JavaScript (ES6+), TypeScript
- **Styling & UI:** Tailwind CSS, CSS3, SCSS, Bootstrap
- **State Management:** Redux, React Context API
- **Performance & Optimization:** SEO, Web Accessibility, Lazy Loading
- **APIs & Backend:** REST APIs, Firebase
- **Tools & Collaboration:** Git, GitHub, Chrome DevTools, Agile (Jira, Trello)

Work Experience

Frontend Developer | BairesDev (Remote | 2024 - Present)

- Developed and maintained React.js applications using TypeScript for better structure and performance.
- Created responsive UI components with Tailwind CSS, improving website speed and usability.
- Integrated REST APIs and worked closely with backend developers for smooth data flow.
- Improved website performance and accessibility, making it 30% faster.
- Worked in a team to deliver projects on time and improve user experience.

Frontend Developer | Freelance (Remote | 2023 - 2024)

- Built websites for businesses, ensuring they looked great and worked well on all devices.
- Designed and developed a personal portfolio website to showcase my work.
- Created business and restaurant websites, focusing on fast loading times and easy navigation.
- Continued learning new skills and applying them to real-world projects.

Open Source Contributor | GitHub & Online Communities (Remote | 2023 - Present)

- Helped improve open-source projects, fixing issues and adding new features.
- Made existing code easier to read and maintain.
- Engaged in developer communities, learning and sharing knowledge.

Projects

Hotel Website (React.js & Tailwind CSS)

- Developed a hotel booking website with a modern UI and animations.
- Created a responsive navigation bar, services section, and contact form.
- Used lazy loading to improve page speed.

E-commerce Store (React.js, TypeScript, Firebase)

- Built a fully functional online store with user authentication and product filtering.
- Integrated Firebase for database management.
- Added shopping cart functionality using local storage.

Restaurant Website

- Designed and developed restaurant websites with an easy-to-use menu and booking system.
- Focused on mobile responsiveness and smooth user interactions.
- Used React.js and CSS for styling and animations.

Portfolio Website

- Created a modern portfolio website with a dark/light mode toggle.
- Optimized for fast loading and easy navigation.

Education & Certifications

Bachelor's Degree in Banking and Finance

Ambrose Alli University (AAU) | 2018

Certifications:

- Frontend Web Development – Codecademy (2024)
- JavaScript & React.js Course – FreeCodeCamp.org (2024)
- Responsive Web Design – FreeCodeCamp.org

Languages & Additional Info

Languages: Fluent in English

Interests: Web development, UI/UX design, open-source projects, and learning new tech.

Strengths: Problem-solving, teamwork, adaptability, and attention to detail.

Why Hire Me?

- Skilled in React.js, TypeScript, and Tailwind CSS
- Experience building business and restaurant websites
- Passionate about writing clean, maintainable code
- Fast learner and great team player

Let's Connect!

I am actively looking for new opportunities! If you're hiring, let's discuss how I can contribute to your team.
